**DETAILED ACTION**

1. This communication is in response to the BPAI decision made on 03/24/2010.

After thorough search and examination of the present application and in light of the prior art made of record, and in response to the BPAI decision made on 03/24/2010, claims 1-34 and 37-40 (renumbered as 1-38) are allowed.

***Reason for Allowance***

2. The prior art made of record does not teach or fairly suggest the combination of elements, as recited in independent claims 1 and 20. More specifically, the prior art of record does not specifically suggest "searching in the hierarchical tree structure only nodes that potentially have child nodes satisfying the XPath expression" in combination with all the other limitations in the claim.

These features together with other limitations of the independent claim are novel and non-obvious over the prior art of record. The dependent claims 2-19, 21-34 and 37-40 being definite, enabled by the specification, and further limiting to the independent claim, are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Contact Information***

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to USMAAN SAEED whose telephone number is (571)272-4046. The examiner can normally be reached on M-F 8-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hosain Alam can be reached on (571)272-3978. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
